#### **LEGISLATIVE COUNSEL'S DIGEST**

AB 951, Lieu. Charter-party carriers.

The Passenger Charter-Party Carriers' Act, with certain exceptions, prohibits a charter-party carrier of passengers from engaging in transportation services subject to regulation by the Public Utilities Commission without obtaining a specified certificate or permit, as appropriate, from the commission. The act imposes a maximum fine of not more than \$1,000 in its general penalty provision for any violation or failure to comply with the act, an order or other requirement of the commission, or an operating permit or certificate, or aiding and abetting such a violation. The act also imposes maximum fines, and in certain cases, minimum fines for specific violations of the act, including, for conviction of operating a charter-party carrier of passengers or a taxicab without a valid certificate or permit, a maximum mandatory fine of \$2,500 for a first conviction, or \$5,000 for a subsequent conviction.

This bill would revise that general penalty to set a minimum fine of \$1,000 and a maximum fine of \$5,000. The bill, for conviction of operating a charter-party carrier of passengers or a taxicab without a valid certificate, would increase mandatory fines for charter-party carriers of passengers, subjecting them to a maximum fine of \$10,000 for a first conviction and \$25,000 for a subsequent conviction. The bill would also increase a number of other existing fees, fines, and penalties for specific violations of the act.

The bill would become operative only if AB 636 of the 2009–10 Regular Session is enacted and becomes operative on or before January 1, 2010.

*The people of the State of California do enact as follows:*

SECTION 1. Section 5378 of the Public Utilities Code is amended to read:

5378. (a) The commission may cancel, revoke, or suspend any operating permit or certificate issued pursuant to this chapter upon any of the following grounds:

(1) The violation of any of the provisions of this chapter, or of any operating permit or certificate issued thereunder.

(2) The violation of any order, decision, rule, regulation, direction, demand, or requirement established by the commission pursuant to this chapter.

(3) The conviction of the charter-party carrier of passengers of any misdemeanor under this chapter while holding operating authority issued by the commission or the conviction of the carrier or its officers of a felony while holding operating authority issued by the commission, limited to robbery, burglary, larceny, fraud, or intentional dishonesty for personal gain.

(4) The rendition of a judgment against the charter-party carrier of passengers for any penalty imposed under this chapter.

(5) The failure of a charter-party carrier of passengers to pay any fee imposed upon the carrier within the time required by law.

(6) On request of the holder of the permit or certificate.

(7) Failure of a permit or certificate holder to operate and perform reasonable service. That failure may include repeated violations of the Vehicle Code or of regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety, by employees of the permitholder or certificate holder, that support an inference of unsafe operation or willful neglect of the public safety by the permitholder or certificate holder.

(8) Consistent failure of the charter-party carrier of passengers to maintain its vehicles in a safe operating condition and in compliance with the Vehicle Code and with regulations contained in Title 13 of the California Code of Regulations relative to motor vehicle safety, as shown by the records of the commission, the Department of Motor Vehicles, the Department of the California Highway Patrol, or the carrier.

(9) The knowing and willful filing of a false report that understates revenues and fees.

(b) The commission may levy a civil penalty of up to seven thousand five hundred dollars (\$7,500) upon the holder of an operating permit or certificate issued pursuant to this chapter, for any of the grounds specified in subdivision (a), as an alternative to canceling, revoking, or suspending the permit or certificate. The commission may also levy interest upon the civil penalty, which shall be calculated as of the date on which the civil penalty is unpaid and delinquent. The commission shall deposit at least monthly all civil penalties and interest collected pursuant to this section into the General Fund.

SEC. 2. Section 5378.5 of the Public Utilities Code is amended to read:

5378.5. (a) Upon receipt of a written recommendation from the Department of the California Highway Patrol that the certificate or permit of a charter-party carrier be suspended either (1) for failure to maintain any vehicle used in transportation for compensation in a safe operating condition or to comply with the Vehicle Code or with regulations contained in Title 13 of the California Code of Regulations relative to motor carrier safety if

that failure is either a consistent failure or presents an imminent danger to public safety, or (2) for failure to enroll all drivers in the pull notice system as required by Section 1808.1 of the Vehicle Code, the commission shall, pending a hearing in the matter pursuant to subdivision (d), suspend the carrier's certificate or permit. The written recommendation shall specifically indicate compliance with subdivision (c).

(b) A carrier whose certificate or permit is suspended pursuant to subdivision (a) may obtain a reinspection of its terminal and vehicles by the department, by submitting a written request for reinstatement to the commission and paying a reinstatement fee of one thousand dollars (\$1,000). The commission shall deposit all reinstatement fees collected pursuant to this subdivision in the Public Utilities Commission Transportation Reimbursement Account. The commission shall then forward a request for reinspection to the department which shall then perform a reinspection within a reasonable time. The commission shall reinstate a carrier's certificate or permit suspended under subdivision (a) promptly upon receipt of a written recommendation from the department that the carrier's safety compliance has improved to the satisfaction of the department, unless the certificate or permit is suspended for another reason, or has been revoked.

(c) Before transmitting a recommendation pursuant to subdivision (a) to the commission, the Department of the California Highway Patrol shall notify the charter-party carrier in writing of all of the following:

(1) That the department has determined that the carrier's safety record is unsatisfactory, furnishing a copy of any documentation or summary of any other evidence supporting the determination.

(2) That the determination may result in suspension or revocation of the carrier's certificate or permit by the commission.

(3) That the carrier may request a review of the determination by the department within five days of its receipt of the notice required under this subdivision. If a review pursuant to this paragraph is requested by the carrier, the department shall conduct and evaluate that review prior to transmitting any notification to the commission pursuant to subdivision (a).

(d) Whenever the commission suspends the certificate or permit of any charter-party carrier pursuant to subdivision (a), the commission shall furnish the carrier written notice of the suspension and shall hold a hearing within a reasonable time, not to exceed 21 days, after a written request therefor is filed with the commission, with a copy thereof furnished to the Department of the California Highway Patrol. At the hearing, the carrier shall show cause why the suspension should not be continued. At the conclusion of the hearing, the commission may, in addition to any other penalty provided in this chapter, terminate the suspension, continue the suspension in effect, or revoke the certificate or permit. The commission may revoke the certificate or permit of any carrier suspended pursuant to subdivision (a) at any time 90 days or more after its suspension if the commission has not received a written recommendation for reinstatement from the department and the carrier has not filed a written request for a hearing with the commission.

(e) If the commission, after a hearing, finds that a charter-party carrier has continued to operate as such a carrier after its certificate or permit has been suspended pursuant to subdivision (a), the commission shall do one of the following:

- (1) Revoke the operating certificate or permit of the carrier.
